

Muratina Café

Restaurant & Café POS System

Design Blueprint & Screen Walkthrough

Prepared for the client

15 June 2026

- ✓ Manager · Cashier · Waiter (PIN) · Inventory roles
- ✓ POS with discounts, M-Pesa / Card / Cash / Bank
- ✓ Products, inventory, customers & loyalty
- ✓ Reports with CSV / Excel / PDF export
- ✓ Thermal-printer receipts & dark mode

Login Terminal

PIN keypad sign-in with Clock In / Out / Break, over a cinematic video background (coffee · juice · meals).
Managers/cashiers can switch to password login.

Dashboard

KPI cards plus daily sales, top products and revenue-trend charts.

POS — Point of Sale

Touch-friendly product grid, cart, discounts and four payment methods.

Product Management

Full catalogue with search, categories, pricing and live stock badges.

Reports

Daily / monthly / product / profit reports — exportable to CSV, Excel and PDF.

Settings (Manager only)

System name, currency, KRA PIN, day/night theme, tax & service charge, receipt options, manager PIN and password tools.

Dark Mode

A full dark theme is available across the whole system.

Responsive — Mobile POS

The interface adapts to tablets and phones.

Thermal Receipt — 80mm

How the receipt prints on a standard 80mm thermal printer.

Thermal Receipt — 58mm

Narrow 58mm variant for compact / mobile printers.
